

The World Federation of Neuroscience Nurses extends the offer to colleagues in all health-related disciplines such as physical therapy, occupational therapy, speech therapy, and social work to submit an abstract by the **August 31, 2008** deadline and to participate in our Quadrennial Congress. It takes the efforts of all members of the neuroscience multidisciplinary team to effectively care for the neuroscience patient and family. Further information can be found at [www.wfnn2009congress.ca](http://www.wfnn2009congress.ca)

The WFNN Congress will be held May 23-28, 2009 at York University, Toronto Canada. Celebration preparations are well underway to mark this historical occasion.

We invite you to partake in these festivities as a delegate or perhaps a presenter (oral or poster). The theme of the congress is: Founded on Tradition – Focused on Tomorrow.

We hope that you will take this opportunity to attend the Congress, meet up with like-minded neuroscience colleagues from around the world, expand your knowledge-base and form new networks.

Experience a conference on a truly global scale – come to Toronto, the world awaits you!
